

№100124/4  
10/01/2024**TechnoGroupService LLP****RECOMMENDATION LETTER**

Kounrad Copper Company LLP expresses words of thanks to TechnoGroupService LLP for the successful cooperation and professional work within the framework of our joint projects.

Cooperation with TechnoGroupService LLP led to the implementation and successful commissioning in November 2023 of a solar power plant with a capacity of 4.77 MW in the "Konyrat" micro district of Balkhash city. The company demonstrated high professionalism, technical expertise and effective project management.

The solar power plant project in Balkhash was successfully implemented and put into operation, which is confirmed by the stable generation of electricity and the high efficiency of the station. We also highly appreciate the care of TechnoGroupService LLP about the sustainability of projects and environmental responsibility. The company is actively developing not only national projects but also expanding its activities in the field of renewable energy sources (RES) in the international arena.

Cooperation with TechnoGroupService LLP was not only a business interaction but also an experience of working with a team of professionals who demonstrate a high level of responsibility and technical competence.

We are ready to confirm our trust and recommend TechnoGroupService LLP as a reliable and qualified partner in the field of renewable energy sources. We are confident that the company will continue to successfully implement renewable energy projects while maintaining high standards of quality and innovation.

We look forward to continuing our mutually beneficial cooperation in the future.
